MODE

Wm. Prager Ltd.
TORONTO • CANADA

Sleek and graceful, the new Mode Fixture System is designed to work in perfect harmony with your retail environment. Its elegantly curved uprights are available in any colour or finish, and fit flush against the wall for an incredibly smooth and clean look.

Best of all, the Mode System is remarkably easy to use. Each upright conceals a slotted standard unit that accepts accessories for hanging, shelving, and display. That means anyone can adapt or change the Mode as necessary.

Interested in creating the perfect atmosphere for your store?
