

To the valued Customers of Wm. Prager Ltd.,

We are pleased to announce that on December 1, 2018, Wm. Prager Ltd. will be teaming up with long-time supplier Nuform Manufacturing Inc. to form [PragerNuform Inc.](#)

This exciting new entity allows us to leverage the strengths of both companies, while taking advantage of major economies of scale. We're going to combine the expertise in local and offshore production of store fixtures and supplies that Prager has developed over the last eighty years of servicing retailers, with the extensive in-house custom manufacturing services that Nuform has honed over the past nineteen years. This includes:

[Design & Engineering, Prototyping, Plastic Fabrication, Vacuum & Thermal Forming, Precision Millworking, CNC Routing, Die Punching, Graphics & Decorating, Laser Cutting & Etching.](#)

This synergy positions us to be the comprehensive single source for your retail display and fixture needs. More than ever, we are poised to provide retail display solutions ranging from simple to super-sophisticated, all with exceptional speed and value. We felt this was critically necessary in order to continue serving an evolving and increasingly specialized retail market that demands high-quality products at exceptional value.

Though our contact information is changing, we want to assure you that the values and relationships we formed over the past eighty years at Wm. Prager Ltd. will remain at [PragerNuform Inc.](#) When you call us, it will be business as usual. We still want to talk through your projects, big or small, because your success is our success. Our goal remains to provide you everything you need in a retail display, as well as in a retail display supplier.

To this end, please take note of our new contact information (effective December 1) on the reverse side of this letter. I've also included a few photos of some of the machinery that highlights our added capabilities.

If you have any questions, please reach out to me or your contact at Wm. Prager Ltd. We look forward to sharing success with you, as we continue to strengthen our brands together.

Sincerely yours,

Jacob Prager

DESIGNER, MANUFACTURER, DISTRIBUTOR & IMPORTER OF RETAIL DISPLAY SOLUTIONS

5145 Timberlea Blvd. Mississauga ON Canada L4W 2S3 Tel: 905.629.8691 Fax: 905.629.3752 www.pragnuform.com
